Hi Jeff,

I received your email and look forward to the meeting on Wednesday. As Chip noted – I will need to step out for at least 1 hr around 10 am for another meeting. I will try to work around the agenda – in particular to be back on before the discussion of modeling approaches.

Greg

Marty and Greg:

Thank you for being able to participate in our fisheries workgroup meeting, September 28-29. Marty - I understand that you will be participating in person. Greg - I understand that you will be calling in for the meeting. That's great.

Details concerning the meeting are provided in the attachment below.

Marty - the meeting will be held in conference room G-84 of the Old Federal Building on 4th avenue. I passed along your name to Judy Smith, who is helping with logistics for the meeting. I believe she will be passing along your name to the building security folks to help get you into the building.

With this email, I am letting Glenn Suter and Phil North know that you will be both participating. Glenn

Suter is ORD's technical lead for the Bristol Bay Assessment; Phil North is the Region 10 lead.

Please let me know by return email that you received this and please do not hesitate to contact me (email, office or cell phone) should you have questions or encounter any problems.

Thanks. Good to have you onboard.

Jeff
